

INFORMATION REQUIRED FOR NEW COMMERCIAL AND INDUSTRIAL SERVICE

The location address (street name and number) for the building site will be required.

If the building site is located within the City of Florence City Limits, the City of Florence Planning Jurisdiction or the Town of Killen Corporate Limits a building permit will be required to make application for new service.

If the building site is located within the City of Florence City Limits, the City of Florence Planning Jurisdiction, the Town of Killen Corporate Limits, the St. Florian Town Limits, the St. Florian Police Jurisdiction or the Town of Rogersville Corporate Limits a inspection will be required before the service can be energized.

In order to properly size your service and to calculate the utility deposit the following information will be required:

- **Switch Box Size of temporary service and/or permanent service (amps)**
- **Air Conditioning Size (tons)**
- **Total Connected Electrical Load in KW's (heat, lighting, machinery, refrigeration, etc.)**
- **Overhead or Underground Service to Building**
- **Square Footage of Building**
- **Single or Three Phase Service**
- **Voltage**
- **Gas load (cu. ft./hr or btu/hr)**
- **Will the customer require an excess flow valve to be installed on their gas service?**
- **Water Meter Size**
