Re: Proposal for Fleet Maintenance and Repairs

Date: 10/11/2024

We would like to extend the following proposal to the City of Florence for servicing and repairing equipment that the city owns. We are willing to operate under the following rates, guaranteed for (6) months from today's date. At the end of this (6) month proposal, we will send you a proposal for the next (6) months. We hope that we can keep our labor rates the same at the end of the (6) month proposal, but with rising costs of doing business, we may have to revisit our rates. Currently, we are operating 20-30% under dealer rates, and our goal is to maintain that savings gap for our customers.

Field Labor Rates:	\$159 per Hour
Shop Labor Rates:	\$139 per Hour
Mileage Fee	\$75 per Trip / Not per Piece (one fee, even if we service multiple units during our visit to the site)
Waste Disposal Fee	\$50 per piece of Equipment when Servicing Fluids and we dispose of fluids.
Shop Supply Fee	\$35 per piece of Equipment (covers cleaners, spray lubricants, shop rags, grease, etc..)
Parts & Materials	Will be billed based on current market cost plus our standard markup
Truck Fee:	\$0
Environmental Fee	\$0

We believe that our proposal offers you the best opportunity to save money, while also receiving premium service from our industry leading techs and mechanics. Most dealers inflate their service packages to bill you for the unexpected. However, when there are no unexpected labor issues, those savings are not passed back to the customer, they are pushed to the dealer's bottom line. I know this, because I retired as a branch manager from a major Equipment Rental Company / Dealer in 2016.

If you have any questions or concerns, please reach out to me via email or by phone. We look forward to partnering with the City of Florence, to provide quality service under dealer pricing.

Kind Regards,
